EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Title:

The title has been changed to the following:

METHOD FOR INSTALLING A FOLDAWAY HAND RAIL TO A VEHICLE

Claims:

Claim 5:

In line 8, "attached" has been changed to --assembled--.

Claim 18:

In line 5, "attached" has been changed to --assembled--.

The above claim changes were made to provide consistent claim language (the hand rail and bracket are recited as being "assembled" in the first step, rather than "attached"), and do not in any way affect the scope of the invention.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Regarding both claims 5 and 18, the examiner concurs with applicant's arguments in the response filed August 25, 2005 (see pages 8 and 9), in that there is insufficient motivation to combine the teachings of the LEND-A-HAND brochure with the patent to PLEISS. Thus, the

Art Unit: 3726

prior art fails to teach the claimed steps of mounting a preassembled, relatively positionable hand rail and bracket to the surface of a vehicle.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
